# La Trobe there

experience the difference

**LA TROBE**  
UNIVERSITY

# welcome to La Trobe University

Professor Paul Johnson  
Vice-Chancellor and President

It is with great pleasure that I welcome you to La Trobe University, one of Australia's leading teaching and research universities.

La Trobe University is committed to delivering the highest quality learning and research. Our courses are carefully designed to provide our students with an intellectually stimulating education, and to satisfy the needs of industry to produce work-ready graduates.

Completing a degree at university is a major step forward towards achieving your career goals and reaching your full potential. This is why we have designed our Open Day around you. You will have the opportunity to get a feel for La Trobe University, find out about the courses we offer, student and support services and our dynamic student experience. You'll hear first-hand from our students, staff and graduates.

This program outlines all the information sessions and activities available at Open Day. To make the most of your day, visit [latrobe.edu.au/openday](http://latrobe.edu.au/openday) to create your own personalised Open Day itinerary.

I wish you all the best with your future studies and hope you will join La Trobe University in 2012.

Onkar Kale  
Commerce/Law student

"The best tip is to prepare beforehand. Come armed with questions you have about particular courses. Another idea is to find out about other pathways to get into the courses you're most interested in, just in case. Even if you haven't done any preparation they're still worth visiting, if anything for the free entertainment!"

# why choose La Trobe?

Some of the best reasons just can't be captured in words. Like the great vibe on campus, the satisfaction of doing what you love and how it feels to be a La Trobe student. The only way to understand that is to Be There.

### Preparation for real life, not just a piece of paper

La Trobe produces graduates who are not only academically capable but are highly-valued by the workforce. In fact La Trobe received a 4-star ranking in the 2010 Good Universities Guide for the category 'success in getting a job'. Put simply, La Trobe graduates get jobs.

### An exciting, high-quality learning experience

At La Trobe, you'll study with passionate, highly qualified academics – many of whom have extensive professional profiles and industry experience. We were recently ranked as Victoria's leading university for student satisfaction (The Sweeney Research Uni Student Report, 2009).

### Fantastic industry networks and experience

We have many links with industry and government. You will always be aware of new developments within your chosen field, and have the opportunity to gain valuable industry experience through placements.

### A great environment for study, creativity and socialising

Whatever your interests, you'll find like-minded friends and a fantastic range of social and recreational activities on campus. Recently, La Trobe students have used two social media activities to express themselves, shooting a lip dub and flash mob. View these at [youtube.com/latrobemarketing](http://youtube.com/latrobemarketing)

### Lots of support along the way

From academic skills support, counselling, careers advice, and legal and financial aid to student-run advocacy services, La Trobe offers a range of services to give you the best possible support.

"I love being involved in campus activities like student theatre and film, and I have met a lot of fabulous people through all the extra clubs and societies available to students".

Lucy Winkler  
Creative Arts student

### International opportunities

While La Trobe is a fantastic place to study, you can enrich your university experience even more by doing part of your degree overseas.

La Trobe has partnerships with over 100 universities in over 30 countries in Asia, Europe and North and South America. Even better news is that every La Trobe student eligible to study overseas receives financial support!

James Faulks  
Commerce/Economics student

"Studying at La Trobe is awesome! The facilities are fantastic and the staff are always there for you. With so many study and recreational opportunities, I never want to leave!"

# Melbourne

SUNDAY 7 AUGUST  
10.00 AM – 4.00 PM  
KINGSBURY DRIVE BUNDOORA  
MELWAY REF: 19 G7

## Getting there

You can reach our Melbourne campus by train, tram or bus. For public transport information visit [metlinkmelbourne.com.au](http://metlinkmelbourne.com.au)

By train – take the Hurstbridge line to Macleod station. A campus bus will run between Macleod station and our Melbourne campus throughout the day.

By tram – catch the 86 tram and get off at stop 60.

By bus – there are a number of bus routes that go directly to the Melbourne campus or link with other services, such as trains on the Epping or Hurstbridge lines.

By car – free on-site parking is available.

Use Melways map reference 19 G7 to find your way or visit [latrobe.edu.au/melbourne/location](http://latrobe.edu.au/melbourne/location)

## Tours

### Library

Our newly renovated library features state-of-the-art facilities and contemporary learning spaces. Talk to staff, browse through our impressive range of print and digital resources, check out the academic gowns display or grab a coffee in the new Writer's Block Café.

### Residential colleges

Students will be on hand all day to answer questions and take guided tours of their own college. Tours depart continuously from each college. You can also talk to staff and students in the Agora.

### Student's view tours

See our campus from a current student's perspective. Tours depart at 11.00 am and 2.00 pm from the Agora. Students from different courses will show and share their view on uni life at La Trobe. Register at [latrobe.edu.au/openday/tours](http://latrobe.edu.au/openday/tours)

### Faculties

Visit the faculties that most interest you and check out their tours. Hear from both academics and students at their information sessions.

## **Change of Preference 16 – 21 December**

We understand what a confusing time changing your preferences can be for Year 12 students, and that's why we're here to help.

You can phone us on the Change of Preference Hotline: 1300 135 045 or visit us at any of our campuses during the Change of Preference period. Melbourne will hold an event on 19 December and Bendigo on 16 December, but all campuses welcome drop-ins at any time during Change of Preference so you can discuss the options available to you. Please visit [latrobe.edu.au/cop](http://latrobe.edu.au/cop)

## **International students**

For further information about international student applications, please visit [latrobe.edu.au/international/contact](http://latrobe.edu.au/international/contact)
